## REESTIMATE TO BE MADE OF HIGHWAYS CELEBRATION FOR RETURNED TROOPS

**Commissioners Appoint Three Men to Investigate Road Improvements in This Township.**

### LIABILITY OF BONDSMEN

**Interpretation of New Laws Will Be Obtained Before the Meeting on May 5.**

After hearing arguments on the proposed road improvements in Jackson township, the commissioners Monday decided to have a new estimate of the cost of construction and appointed E. B. Douglass, county engineer, William Isaacs and Andy Rust to make the new estimate and report at the next meeting to be held on Monday, May 5. It is known that the roads cannot be built for the same amount that was specified in the contracts awarded to the Boone Construction Company in 1916 and whether or not the work will be ordered will depend largely upon the amount of the new estimate.

Four roads are included in the list on which new estimates will be made. One extends from West Second street towards Brownstown, another from South Walnut towards the White school house, the third from High street towards Four Corners, and the fourth on O'Brien street towards Farmington. The contracts for all of these roads were awarded in 1916. They were given to the Boone Construction Company with the exception of the O'Brien street road which was to be improved with macadam and was let to the late James DeGolyer. After his death the contract was taken over by Ewing Shields who went into bankruptcy. The excavation for that road was practically completed but no work was done on the others by the Boone Construction Company.

The commissioners Monday heard various suggestions relative to the construction of the roads and as to the meaning of the new road laws. The opinion was expressed by some that the original bondsmen would be held responsible for the additional cost of the improvements if the new contracts are awarded at a higher figure. Others thought that the contractors' relief law would relieve the original contractors and bondsmen of all liability. The matter of postponing the improvements until the policy of the state highway commission was known was also discussed. It was generally conceded that the township ought not pay for the improvement of roads which are included in the state highway program and will be paved at general expense within a short time.

Other road action taken by the commissioners follows:

Benham road, Vernon township, and the Harlow road, Brownstown township, continued.

Frank Leach road, Salt Creek township, petition for gravel construction E. B. Douglass, James Mann and Ezra Whitecomb appointed viewers. They will qualify at the auditor's office April 12 and will report their finding at the May term of the commissioners.

J. B. Spurgeon road, Salt Creek township, continued.

Howard Fritz road, Carr township, petition signed by more than fifty interested persons received and filed.

Clem Lanier dirt road, Brownstown township, William Ballard, Henry Gossman and Alex Snyder, viewers to qualify April 12 and report at the May session.

The auditor was instructed to advertise for bids for the construction of two porches at the poor farm and one at the jail. The bids will be considered at the next term of the commissioners' court.

**Reception to be Given Here Saturday, April 19, for Soldiers and Sailors of Jackson County.**

### FEATURE OF VICTORY DRIVE

**General Committee Decides Upon Single Day Campaign—Plan Has Been Successful in The Past.**

A reception for the returned soldiers and sailors of Jackson county which is expected to eclipse any celebration of the kind that has ever been held in this vicinity, is being planned in this city Saturday, April 19, as the opening feature of the Victory loan campaign. The decision to hold the celebration was definitely made at a meeting of the general committee which was held at the directors' room of the First National Bank Monday night. All the bankers in the county and the various departments of the Victory Loan organization were represented at the conference.

Saturday, April 19, will be observed throughout the nation as Patriot's Day. The committee decided to hold the reception for the soldiers and sailors at that time as the concerted drive in the Victory Loan sales campaign will be made Monday, April 21. The campaign will be made from 6 a. m. until 9 p. m. and it is expected that the entire quota for Jackson county will be sold before the hour set on April 21. The whirlwind campaign plan was decided upon as that has proved most satisfactory.

(Continued on page 3, column 3.)

### FILE PETITION TO BE RELIEVED OF CONTRACT

**Jennings & Bebout First Concern in This County to Take Advantage of New Law.**

The firm of Jennings & Bebout, which was awarded the contract for the construction of the George Redicker gravel road in Brownstown township in 1916, has filed a petition to be relieved of the contract. The petition was filed under the new contractors' relief law passed by the last legislature.

This is the first firm that has asked release of a local contract under the new law. A hearing will have to be held before any action can be taken on the petition. It was expected that the Boone Construction Company, which was given the contracts for the concrete highways in Jackson township, would take similar action at this term of the commissioners' court, but its petition was not filed.

### TAX COMMISSIONERS TAKE UP PHONE ASSESSMENTS

**Seven Days Scheduled for The Hearing—Other Corporations to Get Attention Later.**

Indianapolis, April 8—The state tax commissioners met today in their first session to discuss assessments of telephone companies. This subject is expected to require several days. Seven days have been scheduled for the hearing.

Following this the tax board will consider express, telegraph, sleeping car, transportation and pipe line companies.

### "Oh, Boy" Tonight.

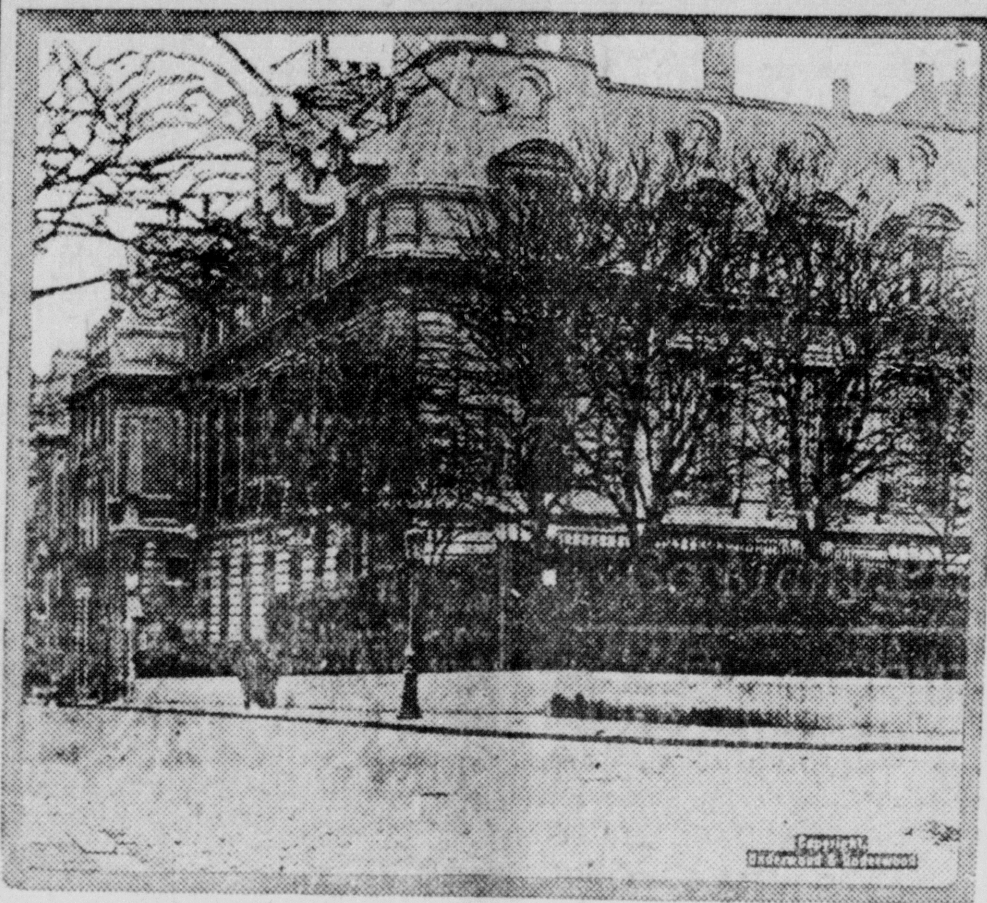

The members of the "Oh Boy" musical comedy company which is to appear at the Majestic theatre this evening has arrived in the city from Bedford where they played to a large and well pleased audience last night. The company comes highly recommended and considering the advance sale of seats, many local theatregoers will witness the production.

## MR. WILSON'S RESIDENCE IN PARIS

This is 11 Place des Etats Unis, Paris, the house occupied by President and Mrs. Wilson during their second stay in the French capital.

### EVIDENCE POINTS TO THE MURDER OF JAMES PACE

**Body of Bedford Watchman Who Disappeared Several Weeks Ago is Found in Salt Creek.**

The body of James Pace, Monon watchman at Guthrie, Lawrence county, who disappeared recently, has been found in Salt Creek. The body was partly covered with drift. The man's hat was found near the place the night that the search for him was started. Five bullet holes were in the body, indicating that he was murdered.

Pace was 61 years and six months old, and leaves a widow and one son the latter formerly in the army in France but now in Detroit.

The story of a big negro tramp seen in the vicinity the night of the tragedy is not believed by Harrodsburg people to account for the murder. They are said to have suspicious that the crime was committed by some one from the vicinity of his home who was well acquainted with Pace, and had some stronger motive than robbery of his pocket or dinner bucket for killing him. The fact that the bloodhounds trailed to the Harrodsburg yards of the Monon railroad does not contradict this theory. There may be further developments in the case.

### Long Aerial Flight.

Paris, April 8—Lieutenant Fonten, French aviator, started at 6 a. m. today on the first leg of a trans-Atlantic flight to Brazil. Fonten's flight will be made in five legs, total 4,500 miles.

### Commission May Leave.

Basle, April 8—A German paper reports that the allied food commission has been ordered to leave Munich.

Lieutenant Commander and Mrs. J. D. P. Hodapp and son, J. D. P. Jr., are spending two days here with his sisters, Mrs. J. H. Andrews and Mrs. J. J. Peter, enroute to Seattle, Wash., where Lieut. Com. Hodapp will have charge of a naval base. For the past two years he has been stationed at Naval Base 9, Gibraltar. Mrs. Hodapp and son have been in New York.

The funeral of the late E. W. Blish was held this morning from the residence of M. S. Blish, North Chestnut street. The Masonic ritual was given and the funeral sermon was delivered by the Rev. Charles W. Whitman, pastor of the First M. E. church, of which the deceased was a member.

Harry B. Henderson, county superintendent, has called the attention of the teachers in the county to the proclamation of Governor Goodrich fixing Friday, April 18, as arbor day. The county superintendent asks that it be observed in a fitting manner in the schools which are in session.

Lieut. Roy Roegge, who is stationed at Camp Sherman, Chillicothe, O., arrived in the city this morning to spend a few days the guest of his parents, Mr. and Mrs. Henry Roegge, South Chestnut street.

Mrs. E. L. Vermilya and Mrs. H. E. Wallace, of Brownstown, were visitors in the city this afternoon.

### LOCAL MEN INDICTED BY THE GRAND JURY

**Peter Julian and Henry Kirsch Give \$100 Bonds for Appearance in Court.**

Peter Julian and Henry Kirsch, both of this city, were placed under arrest by H. L. McCord, county sheriff, Monday evening as a result of indictments returned by the grand jury which was in session several weeks ago. The arrests were the first of the forty-four indictments returned and it is expected that several more will be made within the next few days.

Both Julian and Kirsch were indicted on three charges, gaming, visiting a gaming house and keeping a gaming house. Each gave bond in the sum of \$100 for their appearance when their cases are called in circuit court which will likely be during the September term.

According to law it is necessary that arrests on indictments returned by a grand jury be made within a limited period after the session has been closed. Sheriff McCord and his deputy expect to be busy during the next few weeks making other arrests.

### SETTLEMENTS MADE BY COUNTY DEPARTMENTS

**Quarterly Reports Filed by Officers with Commissioners—Recorder Turns Over Largest Amount.**

The first quarterly settlement by the county officials with the commissioners was made Monday. By these settlements the officials turn over to the county the fees paid into their departments which under the law belong to the county. The largest amount was paid by the recorder as shown by the following:

Willard Stout, clerk—\$495.05  
Albert Luedtke, auditor—\$94.  
H. L. McCord, sheriff—\$291.17  
Simeon Henderson, recorder—\$654.70  
J. B. Cross, superintendent of poor farm—\$189.78.

### INCREASE INSURANCE

**Jackson County Farmers Insurance Company Reports Steady Growth.**

The regular quarterly meeting of the directors and auditors of the Jackson County Farmers' Insurance Co. was held at Brownstown last Saturday. The usual routine business was transacted.

The general manager, F. C. Foster, reported that he had written over \$100,000 insurance during the quarter ending April 1, 1919, making a net gain of insurance in force of over \$10,000 for the three months.

This company which was organized by the farmers of the county about seventeen years ago now has over two million dollars of insurance in force on farm property in the county. The company affiliates with the other mutual insurance companies of the state. On another page of this paper they make a statement concerning their seventeen years experience in the insurance business.

## ROAD DEPARTMENT TO BUY TRACTORS

**Power Machinery May Be Used in Maintaining Highways in Jackson County.**

### BIDS FOR THREE TRACTORS

**Intention is to Eliminate Use of Horses on Some Roads—Speed and Economy the Object.**

Before very long power machinery may be used in keeping the roads in Jackson county in good repair. The commissioners acted favorably upon the suggestion of the county highway superintendent that tractors be employed on the roads and the county auditor has been instructed to advertise for bids for three 15-30 horse power tractors. At the same time bids will be received for three road maintainers, a device that is used behind a tractor in much the same manner that a road grader is used. The bids are to be received at the next meeting of the commissioners on May 5.

This is the first time that preparations have been made for the use of power machinery on the roads of Jackson county, with the exception of a big steam propelled roller which has been in use for several years. The road roller is at present furnishing power for a gravel washer at the river. The public has seen the benefit of well washed gravel before it is placed on the highways and for some time a large part of the metal that is used in highway repair has been put through the washer which removed most of the sand.

In the past the roads were dragged and graded by horse power, but frequently the road superintendent finds it difficult to secure enough teams to do this work. This is especially true during the summer months when farmers are busy with their own work and cannot release their teams to the county. It has been found by experience that if a road can be dragged soon after a rain the gravel packs harder and the surface is left in a much better condition. Particularly is this true on the roads in the sandy districts where the moisture dries out quickly.

It is the belief of road officials that the tractors can be employed at less expense than the teams can be hired, and as they will be the property of the county they will be available at any season of the year. The tractors, it is said, will do the work much more quickly than the teams. By purchasing three machines they can be located in different parts of the county and may be used by several district superintendents.

### RESPONSIBILITY FOR WAR TO BE CONSIDERED

**President Recovers Strength So He Can Attend "Big Four" Meeting Today.**

Paris, April 8—President Wilson will participate in the "big four" meeting this afternoon, when the question of responsibility for the war is to be considered. The morning session was devoted to discussion of procedure designed to speed up the conference.

It was suggested in some quarters today that the President really is confident the Anglo-French prediction of an Easter peace will come true and by ordering the George Washington to Brest is preparing for a quick return to the United States in case the treaty is signed within the next two weeks.

## PREPARATIONS TO AVERT TROUBLE

**German Government to Keep Watch Over Soviet Congress in Session in Berlin.**

### THIRD LEGISLATIVE BODY

**Bavarian Army Being Formed to Resist Counter Movement Within The District.**

By United Press.  
Berlin, April 8—The government was making every preparation today to avert any serious consequences from the soviet congress which opened here today. It was believed that no effort will be made to interfere with the meeting so long as it remains orderly. The cabinet made an announcement today that the government has accepted the constitution amendment, providing for establishment of a national workmen's soviet as the third house of the legislative body.

The general strike continues to grow in other parts of the country. It was announced that more than 400,000 workmen are now affected in Essen and Dusseldorf districts.

A Bavarian army is being formed to resist any counter movement either within Bavaria or from Russia. Close relations will be established immediately with Hungary and Russia.

The new soviet government will undertake complete transformation from the capitalists' regime to communism, not hesitating to appropriate private property.

The first step in uniting Germany with Hungary and Russia under bolshevism is believed to have been accomplished through establishment of a proletarian dictatorship in Bavaria. The communists have a foothold within Germany itself. The propagandization of the rest of the country is expected to be undertaken immediately. The government expressed confidence in the ability of War Minister Noske's forces to prevent a general uprising and confine communism to Bavaria. The people apparently are not so confident. Dispatches from Munich today reported that all political factions have united in support of the new government.

### WAR MOTHERS' SOCIETIES MAY BE NATIONALIZED

**New Organization Will Be Known as The League of The Service Star.**

By United Press.  
Indianapolis, April 8—"The League of The Service Star" is being formed as a national organization through affiliation of all war mothers' societies of the country, it became known today. The object is to establish a relationship between all women who have, or have had, sons, brothers or fathers or other immediate relatives in the war. Through this channel it is hoped that women whose relatives failed to return may obtain information about them.

The Indiana War Mothers, already affiliated with several other state organizations, are fostering the movement to make the society a national one and to change the name to "The League of The Service Star." Women lecturers are starting through the country to lecture to the societies in the various cities with the view of having them affiliate.

### NO PROMISE MADE FOR LOWER BREAD PRICES

**Big Wheat Crop Not Expected to Result of Downward Revision of Flour Prices.**

By United Press.  
Chicago, April 8—The government's estimate of a bumper wheat crop for 1919 will have no immediate effect in the price of bread, according to grain experts here today. The price of wheat, they pointed out, has been set for a year ahead and the food administration grain corporation alone can regulate or effect any change in prices.

#### "WORKING" THE UNIFORM.

In an effort to prevent the exploitation of the uniform of the American soldier and sailor, and to assist many more deserving young men to maintain their self-respect and self-support, Col. Arthur Wood, special assistant of the secretary of war, has asked every state and municipal officer to report all licenses issued to discharged men who desire to engage in peddling. This is the information that came in a bulletin issued by the United States employ-

ment service. The emergency employment committee for soldiers and sailors of the council of national defense has announced that it will endeavor to ascertain at once whether the soldier is peddling from choice or necessity and will seek to prevent the possible appearance of public neglect which is suggested by the large number of men in uniforms "working" the streets of the large cities.

Newspapers in some cities in Indiana, particularly in Indianapolis, have declined the privilege of their columns by those who have sought to commercialize the appeal of the uniform and who have tried to advertise for discharged men for peddling lithographs or other things of small value, at an extortionate price. As a consequence the practice of starting out ex-soldiers and ex-sailors on work of this kind has been materially discouraged.

It has been revealed that some firms have attempted to exploit the uniforms by advertising for discharged soldiers, stipulating that they must be attired in their regular uniforms. The complaint that has come is not against the soldiers who are attempting to earn their living, but against these firms that would commercialize the uniform at a time when the men are in need of employment.

#### THE COST OF THE WAR.

Since the armistice was signed in November statisticians in the United States and in other countries have been figuring up the cost of the world war. While they will never be able to arrive at an accurate total their estimate is placed at \$249,000,000,000 which does not include any of the property losses. This estimate

was made some weeks ago and has been increased since that time.

At the time when the figures were compiled Great Britain had an obligation of \$52,000,000,000 which was the largest of any nation engaged in the world war. England's total is larger than the others for the reason that for two years she financed the war for the entente allies. Germany's burden is estimated at \$45,000,000,000. Germany was the financial backbone of the central powers and the demands upon the treasury of that country were great.

The United States comes next in line with \$40,000,000,000. This country entered the war late but as soon as the declaration was signed the American money coffers were thrown wide open and our obligations as a result are large. France's part in the war is placed at \$32,000,000,000 while Russia spent \$30,000,000,000. Austria Hungary spent \$25,000,000,000 while little Italy contributed \$12,000,000,000. Turkey managed to raise \$5,000,000,000 which was contributed to the losing alliance and Serbia and Roumania gave \$3,000,000,000 each. Bulgaria's portion is placed at \$2,000,000,000. Belgium, wrecked and torn to pieces by the invading forces early in the war, gave every dollar that her people could gather, but the exact total is not known.

When we review the losses that were incurred we begin to see the necessity for the Victory Liberty loan. Thousands of our soldiers are still overseas. They must be provided for now the same as during the war. They must be brought home and this costs money. France has just completed a peace loan and Great Britain expects to launch a similar drive in the near future. The victorious nations must again rally with their funds. The amount of the Victory loan appears to be large, yet it dwindles in importance in comparison to the \$40,000,000,000 which we raised in a year's time to sustain our forces in the field of battle. There is much more satisfaction in investing a dollar for peace than in spending it for war.

Of course the American public will not forget those men who are still overseas. They will prove it in the next Liberty loan.

L. C. Griffiths made a business trip to Connersville this morning.

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store, and get a large tube of SENRECO TOOTH PASTE for 35 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating, help to check the ravages of Pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENRECO. It's a most delightful and refreshing tooth paste.

**EGG SHOW IS PLANNED BY AGRICULTURAL CLASSES**

Winning Dozens to Be Entered in The State Egg Exhibit at Purdue April 22-24.

The members of the agricultural classes in the local high school are planning to have an egg show, the date and list of prizes to be announced in a few days. It is planned to enter the winning dozens in the state egg show to be held at Purdue, April 22-24.

Judging eggs either by the score card or comparison is a rather new feature of the fancy and commercial poultry business. Egg judging and egg competition should be fostered and developed for the following reasons: (1) Eggs are something about, and in which everyone is interested; (2) Eggs are easy to obtain for competition, and are easy to take care of during the time of showing; (3) the state of Indiana loses over one and one-half million dollars every year from improperly handled eggs, and a development of the egg show will create and foster a greater zeal for a better product; (4) egg shows are educational as a means of enlisting children for better agriculture as well as friendly competition.

According to the quality of egg that appear on the average market there is much need of education in the poultry business. Developing egg shows is one step in that direction.

**NEW RAILROAD SCHEDULE MAY BE EFFECTIVE SOON**

Baltimore & Ohio Officials are Working on New Passenger Time Tables.

Baltimore & Ohio railroad officials are considering a change in schedule for operating passenger trains over the Indiana division according to local railroad men who will have a part in arranging the new times table. However, no information is obtainable as to what the changes will be as no definite decisions have been reached by the officials.

It is believed, however, that any change that might be made will be to improve passenger traffic conditions which has been badly crippled for several months past owing to the heavy demand on the railroad company in handling government transportation over the road. It is expected that some change in the passenger schedule will become effective soon.

factory in the former campaigns of this kind.

A committee composed of the Rev. J. H. More, chairman, L. C. Gifford and H. H. Carter, was appointed to make plans for the Patriot Day celebration. Every returned soldier and sailor in the county will be urged to participate in the day's program. Senator James E. Watson, has accepted an invitation to give an address here on the evening of April 19. The meeting will probably be held at the Christian church. Another speaker of national reputation will also be engaged for the program and will speak either in the afternoon or night.

The general committee has decided upon a schedule of meetings throughout the county. The first will be held Thursday, April 10, at Reddingtown, and the others will be held as follows:

Friday, April 11—Hamilton township.

Sunday, April 13—Owen township. Monday, April 14—Carr and Driftwood.

Tuesday, April 15—Brownstown. Wednesday, April 16—Salt Creek. Thursday, April 17—Grassy Fork and Washington.

Friday, April 18—Vernon. Saturday, April 19—Jackson. The department chairmen for the campaign are:

Chairman—L. C. Griffiths; Vice-chairman, W. C. Young; Woman's chairman, Mrs. Addie Clements. Township Chairmen—C. D. Billings, Jackson; C. C. Tinch, Salt Creek; H. D. Aldredge, Driftwood; H. R. Rider, Vernon; William Snyder, Washington; Ira Isaacs, Hamilton; J. E. Tanner, Owen; Ernest May, Redding; Carr to be supplied; Charles T. Benton, Brownstown; Dr. N. G. Harrod, Grassy Fork.

J. H. More is chairman of the speakers' bureau; W. L. Johnson is director of publicity, and Claude Carter is director of transportation.

**WILL CELEBRATE ANNIVERSARY**  
The Seymour Rebekah Lodge, No. 667, will celebrate the fifteenth anniversary of its organization Thursday evening at the I. O. O. F. Hall.

Since the organization it has been the custom of the lodge to celebrate the anniversary each year, playlets and amateur performances of various kinds have been given and it was decided this year to celebrate it by having initiatory work. The work will be put on by the Minnie Lodge, Number 125, of Crothersville. This lodge was instrumental in instituting the Seymour organization. After the initiation a banquet will be served to the members and the guests. The members of the Brownstown Rebekah have also been invited to attend the celebration and a number are expected to attend.

Plans will also be discussed at this meeting in regard to the district meeting held at Franklin on the 24 of April. A large number from this city are expected to attend this meeting. Mrs. D. A. Baird will go as a delegate from the local lodge.

**BIRTHDAY SURPRISE.**

## ATTENTION FARMERS.

Figures That Prove That Farmers Mutual Insurance is Cheapest.

Don't be deceived by the claims of some persons that the cost of insurance in the Jackson County Farmers' Insurance Company is as high or higher than it is in stock companies. Get the facts from our records. They show that the average cost of insurance in the Jackson County Farmers' Insurance Co. for the last ten years is fifty per cent. less than the same protection would cost in stock companies, when you pay the premium on the installment plan as we do; and forty per cent. less than the cost in stock companies when you pay the premium three years in advance. Our losses for the last year have been very heavy so that it was necessary to make assessment No. 15 only six months after making assessment No. 14. It has not been many years since there was no assessment for eighteen months and then it was only 10 cents per \$100 of insurance. We have only had fifteen assessments since the organization of the company almost seventeen years ago. You can not judge the cost of insurance in a mutual company by any one or two years. Our losses are like crops—some years they are

heavy and some years they are light.

The cost of insurance in our company has run the highest the last five years of any five years since the organization of the company. The cost for the five years just preceding (1909 to 1914) was the lowest of any five years. The total cost of \$2,000 insurance for the last ten years, including policy fees and all assessments has been a little less than \$49, an average of 24½¢ per \$100 insurance.

The total cost of \$2,000 insurance taken at the time of the organization of the company up to the present time has been \$82, an average of less than 25¢. The above figures include all losses up to the present time. We now have about 1100 policy holders and over two million dollars of insurance in force.

Farmers, why insure in foreign stock companies when you can get your insurance in a home company, operated by home people?

We invite you to come in an investigate. You will find that our policy is broader and will give you better protection than any other you can get.

## THOUGHT 3 LITTLE CHILDREN NEEDED MOTHER'S CARE

'My stomach suffering was so severe that I could not have lasted much longer. I did not care so much for myself but did not want to leave my three little children who needed a mother's love and care. A cousin in California wrote me about Mayr's Wonderful Remedy and I took a course of it. I have since been entirely well.' It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. ## HOW'S YOUR BLOOD?

Pimples and Eruptions  
Mean Bad Blood

People who have impure or impoverished blood should be careful to take only a temperance remedy made of wild roots and barks such as Dr. Pierce's Golden Medical Discovery is and has been for nearly 50 years. Ingredients printed on wrapper.

The first day you start to take this reliable medicine, impure germs and accumulation begin to separate in the blood and are then expelled through the eliminative organs.

In place of the impurities, the arteries and veins gradually get fresh vitalized blood and the action of this good blood on the skin means that pimples, boils, carbuncles, eczema, rash, acne and all skin blemishes will disappear. Then you must remember that when the blood is right, the liver, stomach, bowels and kidneys become healthy, active and vigorous and you will have no more trouble with indigestion, backache, headache.

Get Dr. Pierce's Golden Medical Discovery to-day at any medicine dealers, in tablet or liquid form, or send 10c for trial package to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

Grand Rapids, Wis.—"I am a great believer in Dr. Pierce's medicines. When in a delicate condition, I had eczema very bad. I took 'Golden Medical Discovery' and it cured me and I have never had any trace of it since. When my baby was born he was broken out. I gave him the 'Discovery' and it cured him, also. I don't think my child would have lived only for this remedy. After the birth of baby I was miserable. I would have pains and headaches. I took medicines but got no relief. Finally, I began taking 'Favorite Prescription' and in the next month I was all right—felt fine, and have been well ever since."

"I can recommend all Dr. Pierce's medicines for they did wonders for me and for my family."—Mrs. Anna Zeller, 543 10th Ave., North.

MORE CHECKS TURNED IN  
FOLLOWING MOTE'S ARREST

Prosecutor Carter Explains Why \$200 Was Returned to Defendant's Bondsman.

Additional checks alleged to have been issued by Ernest Mote, of Hayden, who is under arrest in Columbus, have been turned over to the authorities. The Columbus Republican carries the following account of recent developments in the Mote case:

The things that are coming and coming with frequency are checks alleged to have been issued and cashed by Ernest Mote, a real estate agent, of Hayden, and alleged to have been fraudulently issued and cashed by him. The most recent checks of this sort to be brought into the limelight of the case, were turned over to Justice E. H. Kinney today by S. R. Dodson, a Third street pool room and cigar store owner. There are two of the checks and they were cashed by Dodson last October.

The incident of the Mote case is now closed, so far as Mrs. Mina House, of Indianapolis, Mote's former bondsman, is concerned, but it is far from being closed as to Mote. He is still in the Bartholomew county jail, awaiting trial on charges filed on checks alleged to have been issued and cashed by him. The incident was closed for Mrs. House yesterday when she was paid \$200, which she had given to Mote to be used in his case. The money was paid to Mrs. House by Justice Kinney, in whose court charges against Mote are pending.

There has been a lot said about the \$200 turned back to Mrs. House and some that was said was in the nature of reflection on Prosecuting Attorney Carl J. Carter's official integrity, but Mr. Carter has made everything clear in an explanation of how the money came into his possession and for what purpose. Mrs. House signed a \$500 bond for Mote for his appearance for trial, but later more bond was required and Mrs. House gave to Mote \$200 as additional surety, which in turn he gave to Prosecutor Carter. Later Mrs. House felt that she was not safe in longer standing sponsor for the appearance of the accused and coming to this city she sought advice of Justice Kinney and of Chief of Police Cooper. The latter explained to Mrs. House how to proceed to get released from the bond and accompanied her to the office of Justice Kinney where she was released, and in a few minutes thereafter Mote was arrested and jailed by the local police. There being no further need for a guarantee of Mote's appearance after he was taken into custody, Prosecutor Carter turned over to Justice Kinney the \$200 furnished him by Mote when in turn the justice turned the money back to Mrs. House and that was all there was to it, just a matter of protecting the state of Indiana, according to Prosecutor Carter.

ALLIES' COURSE TOWARD  
HUNGARY IS UNDECIDED

General Smuts, Special Envoy, Holds Conference With Foreign Minister Belakun.

By United Press.

Budapest, April 8—General Smuts, special allied envoy, was received by Belakun Saturday. Smuts and his party denied rumors in circulation here that the allies were planning to send an army into Hungary. They declared that the allies' course towards the new Hungarian government has not yet been decided.

An international "red" army is being organized here. Twelve hundred well equipped volunteers arrived from Vienna and were immediately mustered into service. More are expected. The soviets have decided not to interfere with military affairs, recognizing the importance of discipline.

MILL AT LAWRENCE,  
MASS., RUSHED BY MOB

One Hundred Police Called Out in Effort to Restore Order Among Strikers.

By United Press.

Lawrence, Mass., April 8—A riot occurred here Monday when more than one thousand striking textile workers rushed the Everett mill, hurling stones through the windows. The Holy Rosary Catholic church also was attacked and valuable stained glass windows broken.

More than seventy shots are said to have been fired during the fighting in which one hundred mounted and foot police took part. According to the police, Marshal Timothy O'Brien's automobile was fired when the marshal appeared before the strikers to read the riot act. Following the reading of the act, the police were ordered to charge.

Mr. and Mrs. J. F. Tarkington spent the week end with friends in French Lick.

## ALMOST DIED FROM STOMACH TROUBLE

Mr. Campbell lost 66 pounds. Regained it, and tells how he got well.

"Before I started taking Milks Emulsion, the doctor told me it wasn't any use, for I was going to die. But if you could see me now, you wouldn't think that there had ever been anything the matter with me. I was in bed, flat on my back, when I commenced taking Milks Emulsion. I had lost 66 pounds. I have regained my health and strength. I don't look like the same man I did three years ago. I wish you could see what it has done for me and my family."—W. Z. Campbell, Carey, Ohio.

Thousands of people who "had to be careful with their diet" or "had to use digestives" have found Milks Emulsion the one thing they needed for quick relief and lasting benefit. It is guaranteed, hence easy to try.

Milks Emulsion is a pleasant, nutritious food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and cathartics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to run-down nervous people, and it has produced amazing results in many cases of asthma, chronic bronchitis, and tuberculosis of the lungs. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. A truly wonderful medicine for weak, sickly children. No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions, and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold and guaranteed by C. E. Loertz.

### CHAPTER XXXIV.

#### A Desertion.

When the afternoon waned and Godfrey did not call on her Gerty was roused to uneasiness. Had she angered him by refusing to make the definite promise? Could it be love, the sort of love she wanted, if he could stay away like this when they could have the camp to themselves, every one down at the break, no Hardins running in every minute? Their first chance and Godfrey's slighting it!

He would surely come that evening, knowing that she would be alone! The little watch Tom had given her for an almost forgotten birthday set the pace for her resentment. Nine, ten, eleven! How dared he treat her so? She blew out the lamps when she found that she was shaking with anger and undressed in the dark. She could not see him, if he came now, her self-control all gone! But she could not go to bed. She stood in her darkened tent, shaken by her angry passions.

Suppose that he were only trifling with her? What was that paper he had thrust in her hand? With a candle she found the yellow paper. It was a copy of a telegram to Godfrey's lawyer. "Start divorce proceedings at once. Any grounds possible. Back soon, Godfrey."

The frightened blood resumed its normal flow. If he had done this for her then she had not lost him. An apparent elopement, why had she never thought of that before? That would cement their bond. Her scruples could grow on the road. Oh, she could manage Godfrey! She would go with him. She remembered that she must go to bed if she were to have any looks in the morning.

When Godfrey came to her next afternoon, penitent, refreshed after a long morning's sleep, he found a charming hostess. She was shy about his telegram. Enchantingly distant when he tried to reach her hand!

"I can't go without you," he cried. He had discovered her interpretation of his telegram and it delighted him; he began to believe in his own intention. "I know. You shrink from it all. You dread the steps that will free you. You need me beside you to help you. Let's cut the knot. Tonight!"

## "TODAY, I'M WELL"

Says Jackson Lady, And Thanks Cardui For Her Good Health.

Jackson, Ohio—Mrs. Alice Scirlock, of this place, writes: "About three or four years I was in a very weak state. I suffered with my sides. They were sore and it seemed when I would lay down at nights something seemed like it twisted and pulled in my sides.

I could not rest nights, I was so very nervous. At . . . time I was worse than others, the pain was much more severe. I had sick headaches. My limbs would get numb and this was disagreeable . . .

I doctored myself and tried different doctors . . . I was very frightened of operations and felt I could not go through one. I had gotten down so nervous. I read of Cardui and decided to use it. I took 11 or 12 bottles. Today I'm well and do not have any nervous trouble. I am able to do my own work and feel so strong and well. My sides are all right, and I know Cardui did it. I certainly am stronger than in a long time."

If you suffer from any of the troubles so common to women, try Cardui. Thousands of women give Card-u-i credit for their good health. NCB-10

"Not tonight. Maybe tomorrow," whispered Gerty, and then she managed a few tears and he was allowed to kiss her. It was all arranged before he left the ramada. They were to leave together the next day. Her object would be accomplished by their leaving together. He would feel that he owed her his name.

Of course Gerty must do it in the conventional way! She would have used rope ladders had they been needed. The conventional note was pinned to her bureau scarf.

Innes was with Tom when he found it. They came in together from the river. Neither had noticed the odd looks from the men as they passed through the encampment. A dozen men had seen Hardin's wife leave for the North with Godfrey.

Gerty's letter told Tom that it was all over. She had tried to stand it, to be true even through his cruelty, but a feeling stronger than she was made her true to herself, and so true at last to him!

Innes' revulsion lacked speech. The common blather sickened her. She could offer no comfort. His eyes told her it was worse than death.

He struck off her hand when it touched his shoulder. Gerty's hand had coerced him that way. He was done with softness.

His silence oppressed her. This was a man she did not know; inarticulate, smitten. She told herself that even a sister was an intruder—but she was afraid to leave him alone. She took a station by her own tent door. She would not go down to dinner. For hours she watched his tent. When it grew dark she could no longer endure it. She found him where she had left him.

She forced herself toward the volcano's edge; and the swift eruption scorched her. It was the pitiable wreck of dignity, of pride. His words were incoherent; his wrath involved his sister, crouching in tears. Innes shrank from him, the man she did not know. The coarse streak was uncovered in all its repulsiveness. He turned on Innes suddenly. She was crying, a huddled heap on the couch.

"I've had enough crying—between you and Gerty. Will you get out? I've got to have some sleep."

Through her sobs he could make out that she was afraid to leave him.

"Well, then, I'll go. I'm used to having to leave my own tent. A dog's life." He flung out into the night.

(To be continued.)

## "PUNISHMENT" METED OUT TO 200 DEPAUW STUDENTS

Decree Follows Disappearance of Several Sets of Examination Questions.

By United Press.

Greencastle, April 8—Two hundred students of DePauw university—half of them women—are fated to forfeit their participation in college activities during the remainder of the year and to be "flunked" in certain subjects as the result of the disappearance of examination questions and the subsequent investigation which led to the expulsion of five students, it was learned today.

All students who had copies of the examination questions will be subjected to this punishment. The first five discovered, three seniors, a sophomore and a freshman were expelled but when the investigation disclosed that such a large number was involved the faculty committee conducting the investigation decided to take another course. Aside from flunking those implicated in the subjects for which they had received the questions, these students will forfeit the time spent on these subjects during this year.

Every sorority and fraternity at Greencastle is said to have given copies of the questions, which were taken from the offices of various professors through the use of skeleton keys and the opening of windows. The questions stolen included two sets of Spanish, one of French, three of psychology and one of educational psychology.

The theft came to light when Miss Cooper, instructor in French, diverted from the course she had planned and omitted two questions on the quiz. The students having the questions had already prepared the answers and several handed in the papers they had compiled the night

before, thus answering two questions which were not asked.

When the discovery was made, two of the seniors thought to be implicated were in Indianapolis attending the follies. They arrived in Greencastle at 11:20 the following morning and one of them was taken in tow at the station by two professors and escorted to President Grose's office where he was questioned and cross questioned. Failing to learn what they wanted to know the professors summoned the other senior from his bed at 2:30 and brought forth a confessional. The two were expelled forthwith and given a period of time in which to leave town. President Grose is said to have remarked during the examination that the professors were as much to blame as the students because they had left their questions laying about.

The investigations which were dueted by President Grose and Professors Hudson, Longdon and Eckhardt lasted through the night on many occasions and caused one of the biggest sensations that has ever visited the university.

### Removal Notice.

Mm-m---yum!

Biscuits pipin' hot out of the oven! Biscuits all nice and brownish on top and all fluffy white in the middle! Biscuits as ready to melt in your mouth as snowflakes! Biscuits that co-operate with the occasion.

Supper seems a long time coming when such biscuits are on the way.

To folks who appreciate this kind of baking—who love to sit down to real extra fine biscuits and cake and bread and such—Valier's Enterprise Flour was made for them. It's supergrade. From only the choicest part of the finest wheat grown. Milled slowly. Sifted through silk. You don't realize what you're missing in flour quality until you try it.

Ask your grocer for Valier's Enterprise Flour—today.

"Community" is Valier's high-grade popular priced flour. It has made hosts of friends.

## FUNERAL OF DR. LANAM WAS CONDUCTED TODAY

Franklin Physician Who Died at Home of His Niece, Near Here. Was Widely Known Mason.

The funeral of Dr. J. H. Lanam, who died early Sunday morning at the home of his niece, Mrs. Charles Rust, at Cortland, was held at Franklin this afternoon. The Knights Templar were in charge.

Regarding his career, the Franklin Star says: Dr. Jesse H. Lanam, a pioneer physician, of Franklin, and one of the most widely known Masons in Johnson county died Sunday morning at 4 o'clock at the home of his niece, Mrs. Ida Rust, west of Seymour, where he and Mrs. Lanam had gone two weeks ago for a visit. Dr. Lanam had been in critical health for many months but apparently was improving. He was taken dangerously ill Saturday night at midnight and died four hours later.

Dr. Lanam was born in Noble county, Ohio Nov. 9, 1847. After studying for the medical profession he moved to Edinburg where he practiced medicine for several years. He came to Franklin in 1896 and had been actively identified with community affairs.

Dr. Lanam took an unusually strong interest in the Masonic lodge. He was a Knights Templar and had received the thirty-second degree in Masonry. He was also a member of the Knights of Pythias lodge. He was a life-long member of the Presbyterian church.

Besides his widow Dr. Lanam is survived by his niece, Mrs. Ida Rust.

and a nephew, Sam Lanam. A daughter, Mrs. Nelle Culbertson, died several years ago. He also leaves two sisters and a brother who live in Ohio.

### Revival at A. M. E. Church.

The revival still going on. A large crowd was present last night. Five were at the altar making a total of fifty-five since the revival began. Service each night at 8 p. m. at the church corner Tipton and Lynn streets.

The Odd Fellows Lodge will meet in regular session this evening. Degree work for a class of new candidates which was to have been conferred this evening has been postponed until next Tuesday night.

## A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole.

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds on the chest (it often prevents pneumonia). Nothing like Musterole for croupy children. Keep it handy for instant use. 30c and 60c jars; hospital size \$2.50.
